## *Chairman's Message*

It is indeed a pleasure to serve North Carolina as Chairman of the North Carolina Black Leadership Caucus (NCBLC). I consider this an honor with great responsibilities and will work for the next two years to expand the organization while remembering the accomplishments of my predecessors. The Caucus is very concern about the social and economic conditions of our Black citizens across North Carolina and the nation.

It is my belief that our strength is in our numbers. Therefore we must continue to grow. We must be able and willing to collaborate with other groups and organizations to bring about positive political and socio-economic change for everyone.

It is my hope to develop a Political Action Committee (PAC) to deal with political issues and to work with organizations that may not have a PAC.

Whether Caucus or PAC, I challenge you to get involved because it is the right thing to do and you can never make a difference being a bystander.

Our agenda addresses issues that impact Health, Economics, Civil & Criminal Justice, Social Justice, Local Government, the State Public Education System, Political Awareness & Engagement, and Environmental Justice.

As we continue to build a coalition throughout the 13 Congressional districts, we invite you to join us in our advocacy efforts on these issues that are of major importance to the people of our state.

Sincerely,

Walter Rogers,  
Chairman, NCBLC
